SUMMARY

B.Tech student in Information Technology at Anurag University (2023–2027), passionate about software engineering, backend systems, and AI/ML. Solved 240+ DSA problems on LeetCode and built production-ready applications. Quick learner, strong collaborator, and community-driven leader (Vice Chair, IEEE SSIT; Founder, TechVedas). Experienced in real-world projects and deployments (Firebase, AWS EC2).

EDUCATION

Anurag University, Hyderabad
B.Tech in Information Technology
2023–2027
CGPA: 8.8/10 (Current)

Kendriya Vidyalaya Picket, Hyderabad
12th CBSE (2021–2023): 81%
10th CBSE (2019–2021): 91.8%

EXPERIENCE

Travel Together: Personalized Itinerary Planner (Freelancing Project with Firebase Backend)   Link

- Engineered an travel app with personalized itineraries as a freelancing project, using Firebase Authentication for secure backend.
- Collaborated with a small team to build an admin dashboard for itinerary management, user tracking, and analytics with post-deployment support.

PROJECTS

Heritage Hues: Promoting India's Untold Stories through a Heritage Tourism App | *Flutter, Dart*   Link

- A cross-platform travel and tourism app built with Flutter & Dart.
- Aggregates data on heritage sites and commerce markets.

Geek for Geeks Student club Website | *Web Technologies*   Link

- Designed and deployed an event portal for the student chapter using HTML, JS, and Firebase.
- Impacted 4000+ on-campus students by enabling event updates, chapter announcements, and better team discoverability.

TECHNICAL SKILLS

Languages	Python, Java, C++, C, JavaScript
Web Dev	HTML, CSS, React.js, Tailwind CSS
Backend/DB	Express.js, Node.js, MongoDB, Firebase, PostgreSQL
Cloud/Tools	AWS (EC2), Git, Postman, Figma, VS Code
Learning	Machine Learning, MLOps, Flask, Scikit-learn

AWARDS AND ACHIEVEMENTS

1st Prize - Heritage Hues

- Won for promoting Indian tourism and culture through technology at Tejas 2K24 Project Expo, 2024

1st Runners-Up - Data Dynamo

- Secured at Anurag University hackathon with a cash prize of Rupees 6,000, 2024

Founded TechVedas

- Established a 300+ member tech community for technical learning and collaboration, 2025

CERTIFICATIONS

- **Google AI Essentials**   Link
- **Postman API Fundamentals Student Expert**   Link
- **Infosys Springboard : Data Structures**   Link
